Our dear friend, Emma Hogan, left us April 8, 1983 for awhile.
We will miss her. She left behind a good Christian testimony.
We loved her because she never complained. I never heard her say an unkind word. She was a loving Mother. Wherever she went she left sunshine and smiles behind. We can't understand why God took her home, but we will cherish the time we had with her. Emma we miss you.

Billing Code: 3410-16
Department Of Agriculture
Soil Conservation Service
Upper Appomattox Watershed, Virginia
AGENCY: Soil Conservation Service
ACTION: Notice of a Finding of No Significant Impact
SUMMARY: Pursuant to Section 102 (2) (C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture gives notice that an environmental impact statement is not being prepared for the Upper Appomattox Watershed, Appomattox, Buckingham, Cumberland, and Prince Edward Counties, Virginia.
FOR FURTHER INFORMATION CONTACT: Manly S. Wilder, State Conservationist, Soil Conservation Service, 400 North Eighth Street, P.O. Box 10026, Richmond, Virginia 23240, telephone 804-771-2455.
SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Manly S. Wilder, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.
The project concerns a plan for watershed protection. The recommended plan includes soil conservation practices and critical area treatment on 20,150 acres and eight agricultural waste management systems. Primary effects of the plan include decreased erosion and sedimentation on agricultural lands and improved water quality.
The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Gerald P. Bowie.
No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the Federal Register.
